ADDENDUM

Addendum No.: C1525M-B-ADDEN

Date: March 5, 2003

Manual Affected: VMX200 Video Management System – **C1525M-B**

Manual Update: The following instructions replace the steps listed on page 11 of the Installation/Operation manual for installing the VMX200 in a 19-inch equipment rack.

Refer to Figure 1 for the following instructions.

1. Attach the rack ears to the front sides of the VMX200 with the 10-32 x .250-inch screws.
2. Attach the brackets to the sides of the equipment with the 8-32 x .250-inch screws.
3. Fasten the front and rear support rails together with the 8-32 x .375-inch screws with lock washers.
4. Attach the support rails to the equipment rack with the 10-32 x .375 inch screws.
5. Slide the brackets on the equipment onto the support rails.
6. Fasten the rack ears to the equipment rack with the 10-32 x .750-inch screws and washers.
